

The Friend of little children

In today's story we heard all about how Jesus wants to be friends with all the little children. We also heard how Jesus wants us adults to be just like little children and have hearts full of love and trust in God.

Something to talk about:

Why did Jesus tell his helpers "don't ever send them away!" when he was talking about the little children?

What would you have done or said to Jesus? and what games would you have played with him?

Have a go:

Why don't you draw a picture of Jesus, you and your friends or make a people paper chain by folding paper.

Why not make a poster with pictures of children cut out from magazines and stick them around a heart that says "Jesus loves all children".

We would love to see your masterpieces, why not get your adult to upload them to our Facebook page Hull Community Church - Wow Hull

You could watch a little video and song based on the story, here is some we found

Memory verse see if you can memorise this verse:

"And he took the children in his arms, placed his hands on them and blessed them" Mark 10:16

Pray together:

Dear Jesus, thank you that you love all the children in the world, help us to love you as much as you love us. Amen
